Investment Objective : To generate capital appreciation by actively investing in equity and equity related securities. For defensive considerations, the scheme may invest in debt, money market instruments and derivatives. The investment manager will have the discretion to take aggressive asset calls i.e. by investing 100% invested in equity market/equity related instruments at a given point of time and 0% at another, in which case, the fund may be invested in debt related instruments at its discretion. The AMC may choose to churn the portfolio of the scheme in order to achieve the investment objective. The scheme is suitable for investors seeking high returns and for those who are willing to take commensurate risks.

Investment Objective : An Open-ended growth scheme with the objective to target growth of capital by investing in equity/equity related instruments of companies that are expected to benefit from the rising consumption patterns in India, which in turn is getting fuelled by high disposable incomes of the young generation (Generation Next). The scheme will invest in companies that have the following characteristics: 1. Companies that seek growth in revenues arising out of demand from the younger generation (GenNext) for their products or services. 2. They should be engaged in manufacturing of products or rendering of services that go directly to the consumer. 3. The products and services should have distinct brand identity, thereby enabling choice.
